PROJECTS

CWS Workwear Jan, 2026 – Mar, 2026
A modern workwear solutions platform built with Sitecore CMS, providing personalized content delivery and a seamless, responsive e-commerce experience.

- KEY FEATURES
- Developed reusable React.js and Next.js components.
 - Improved UI/UX by fixing design and responsiveness issues.
 - Contributed to a modern Sitecore Composable e-commerce platform.

Cineman Management System Jan, 2024 – Mar, 2024
A modern React-based cinema management and ticket booking platform designed to manage movies, cinemas, screens, showtimes, bookings, seats, customers, and food & beverage services. Features a responsive cinematic UI, interactive seat booking, admin analytics, digital tickets, promotions, and smooth modern animations.

- KEY FEATURES
- Built an interactive ticket booking system with real-time seat selection and dynamic price calculation.
 - Implemented analytics and reports to track revenue, bookings, occupancy, and movie performance.
 - Added digital ticket generation with booking details and QR code support.
